

Teacher, teacher pumpkin eater.
Had a student couldn't reach her.
Put _____ in a pumpkin shell
and there she taught her very well.

Run off on orange construction paper.
Students add a bit of color with crayons; trim
and glue the top of their pumpkin so that it is
flipped open. You can also poke a hole in
both pieces and connect the top to the shell
with a brass brad so that it hinges and can
open and shut.
Attach a photo of each child to the back, so
that it's peeking out of the top of the shell.
