

WORK EXPERIENCE

PROGRAM OVERVIEW

Through the Work Experience Program, you can custom train individuals to meet the needs of your business. Our program takes people with little or no work experience and pays their wages while you teach them the day-to-day of a job in the real world.

The trainee is introduced to work and its technical requirements while learning personal skills and qualities needed to succeed in employment.

Your business will benefit from having an extra worker on hand at no cost while providing this trainee with opportunities for career exploration and skills development.

MAIN OBJECTIVES

- To help the trainee develop good work habits and useful skills.
- To provide a record of skills developed as a result of this work experience.
- To provide a source of income for the trainee.

BENEFITS TO EMPLOYERS

- 100% of the trainee's wages are paid by Workforce Solutions North Texas during the training period.
- Get no cost help for the training you provide.
- Be an instrumental component of our mission to place North Texans in jobs and equip workers with skills that foster economic development.
- Interact with prospective future employees prior to employment.
