Selecting a child care provider is one of the most important decisions you will make as a parent. This list only shows providers whom we have existing relationships with. Always use txchildcaresearch.org to find regulated care near you and find out how it complies with State standards.

The Texas Rising Star Provider certification system provides graduated levels of certification as providers meet progressively high certification requirements. Providers that have begun the process are noted as Entry Level. Once a provider has been assessed, it can be certified as 2-Star, 3-Star, or 4-Star.

The Children's Learning Institute implements the *Texas School Ready!* Project that serves at-risk preschool-aged children with the goal of increasing children's school readiness. Locally, providers partner with TSR coaches through United Way during yearly commitments.
